Organization of monitoring work

- ▣ Joint monitoring of irrigation water resources in 4 communities
- ▣ organization of community dialogue meetings in 4 pilot communities
- ▣ a short questionnaire in 4 pilot communities on women participation in management of water resources

Four pilots

Nº	Province	Community	Description of pilot	Contribution of the community in AMD/USD
1	Ararat	Taperakan	Underground drinking water pipeline, 512 m	400 000 AMD/760 USD
2	Ararat	Berqanush	Irrigation concrete semi-pipeline, 193 m	1 Million AMD/1900 USD
3	Armavir	Apaga	Underground irrigation pipeline, (127+120+108)+30= 355+30=385 m	30 m + 400 000 AMD/760 USD
4	Armavir	Lusagyugh	Underground irrigation pipeline, 155 m	-

Monitoring Taperakan and Berqanush, Ararat province

Underground drinking water
pipeline construction

Irrigation concrete
semi-pipeline

Monitoring Apaga and Lusagyugh, Armavir province

Underground
irrigation
pipeline
constructed in
the school
adjacent area

Underground irrigation
metallic pipeline

Community Dialogue Meetings

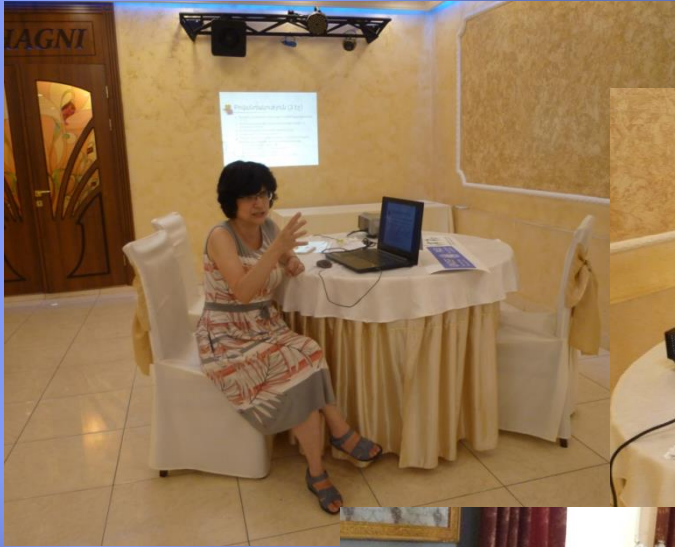

Burastan, meeting with Christian Lamare, UN Democracy Fund

Taperakan, experience-exchange with international experts, Marjon Verkleij-Lemmers and Annemiek Jenniskens, Women for Water Partnership

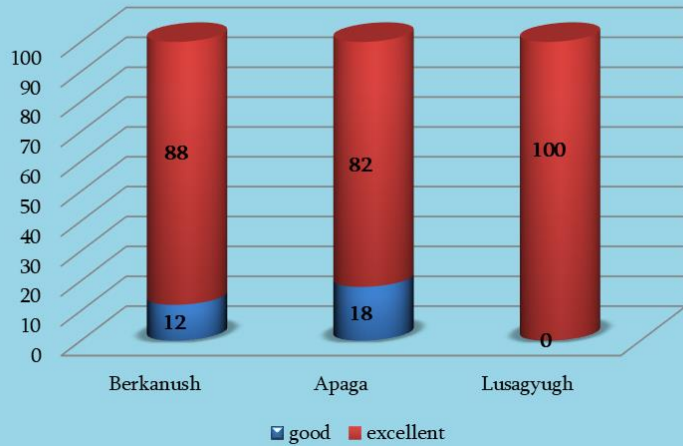

Ararat and Armavir province, meeting with active women of the community

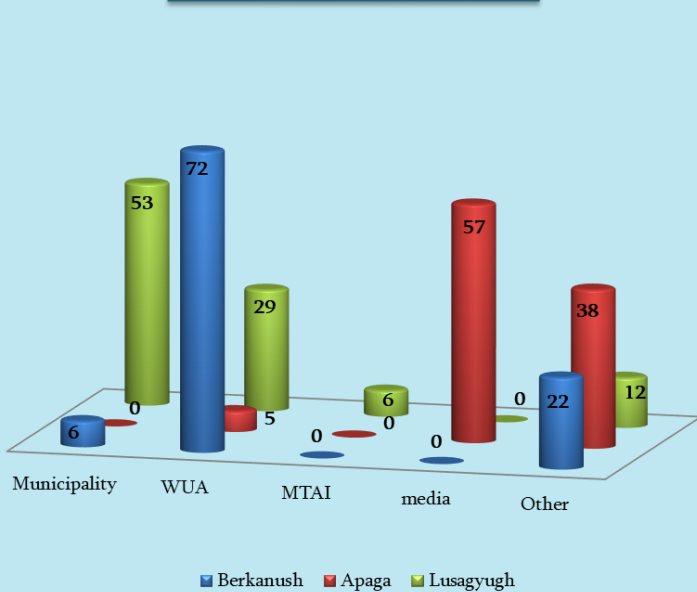

Questionnaire on monitoring experience

Assessment of the work of active women's groups by communities

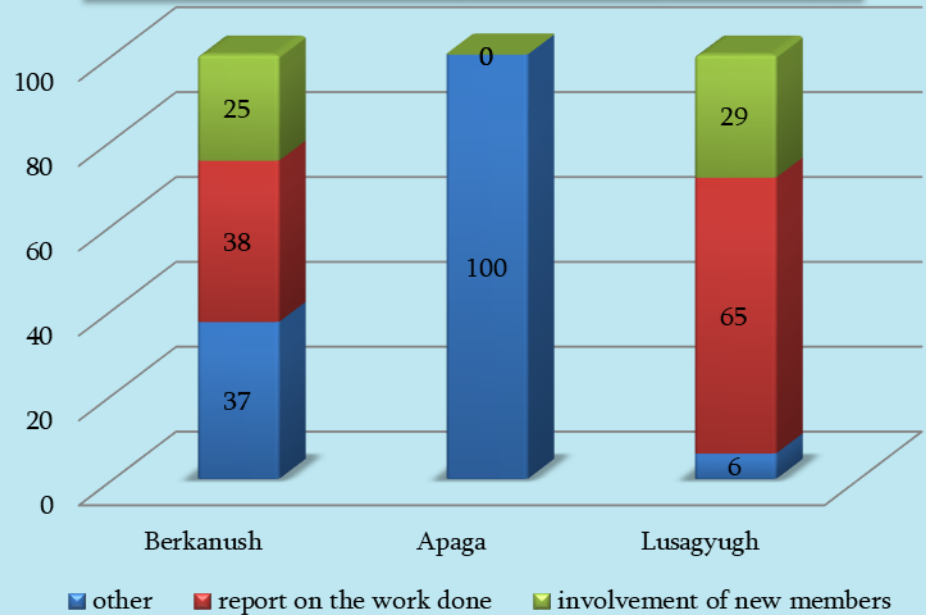

Measures taken by community residents

Questionnaire on monitoring experience

Assessment of the work of active women's groups on the improvement of irrigation water supply by community members

Berqanush, shooting of the film on the implemented projects
