

# Closing Conference TMF project “Tapping Resources”

Yerevan, 27 October, 2007  
Marie Kranendonk  
President, WECF

**WECF is a network of 80  
environment, health and women's organisations in 30  
countries**

# Countries with WECF members and activities

# Healthy Environment for All

**Safe  
Chemicals**  
for All

**Safe Water  
and  
Sanitation**  
for All

**Safe  
Energy**  
for All

**Safe Food  
production  
and rural  
development**  
for All

**Goal:**  
By 2020 all consumer products are free of hazardous chemicals, and toxic waste is safely eliminated

**Goal:**  
By 2020 everyone has access to safe and affordable water and sanitation and take preventive water protection measures

**Goal:**  
By 2020 everyone has access to safe, affordable and renewable energy

**Goal:**  
By 2020 everyone has access to safe, regional and diverse food, based on fair production in balance with nature

# Public Participation

WECF promotes public participation in environmental policy, and brings to the foreground the voices of those in society that are less often heard

# Results of 3 year project
